

sdmay23-22: Ultrasonic radar

Week 8 Report

November 18 - December 2

Team MembersSam — *EE*Kevin — *EE*Ryan — *EE*Abu — *EE*Jack — *EE*Derek — *SE***Summary of Progress this Report**

this was our final stretch. we were able to put together a "science fair" like ultra sonic radar. This allowed us to all work together to get some actual feedback and use the tools we purchases. We also connected it to the wave transmitters in the TLA and were able to see feedback from the transducers. We also met with our advisor and had a presentation rehearsal.

Pending Issues

no pending issues except outputting results on a software.

Plans for Upcoming Reporting Period
